12:00pm - 2:00pm

Event location:

Life Care Center of Aurora

14101 E. Evans Avenue

Aurora, CO 80014

**Earn 2 CE
Units!***

Guest Speaker:

Joy Boarini, MSN, WOCN, is the Manager of Clinical Education for Hollister Incorporated in Libertyville, IL. She has over 30 years of experience in the field of ostomy care. Joy is a frequent lecturer nationally on a variety of ostomy topics. She has numerous publications to her credit in nursing textbooks, professional journals and has authored and published many patient ostomy educational materials.

* Shield HealthCare and Hollister, Inc. will provide the education necessary and instructions to take online CEU tests and receive certificates at a cost of \$10.00 per course. Estimated time of online test completion is less than 5 minutes.

Ostomy: Caring For The Stoma

Course Objectives: Upon completion of this program, participants will be able to:

- Understand the types of Ostomies with respect to physiology of the digestive system
- Know the most common medical conditions leading to ostomy surgery
- Teach the patient post-operative and daily care for the stoma
- Prepare the patient for discharge and life after ostomy surgery
- Understand the importance of diet, the effect of medications and common ostomy complications

(Program also includes hands on training for pouching and managing difficult stomas.)

Event Sponsored by:
