 Beneficent.

Beneficent connects seniors and disabled individuals to funds that pay for the high-quality care our industry partners provide. We have 100% application success rate for the programs covering the costs of assisted living, adult day care, non-medical home care, assisted living and skilled nursing facilities. Beneficent has been privileged to successfully assist thousands of families and individuals through asset preservation while coping with long-term care costs. We consider the trust extended to us over the last 20 plus years with our industry partners and clients to be among our greatest honors. We understand firsthand the mental, emotional, and financial toll placed on families to pay for long-term care. We also understand Senior Care Facilities and Nonmedical Companies feeling overwhelmed and overloaded with the amount of people they have to turn away because they don't financially qualify for all the care they need. At Beneficent, we enjoy providing financial certainty and confidence for everyone.
