Mary Jo Heins comes from medical practice background. She spent 15 years managing a variety of medical practices and served as the president of the Colorado Medical Group Management Association during that time. To Mary Jo, a successful medical practice is one where both patients and physicians are happy because they give and have been given quality, personal healthcare.

Mary Jo has that same vision for helping people with Medicare – quality and personalization. She is an independent insurance agent, contracted with a dozen insurance companies, but not working for them. Medicare is all Mary Jo does – from analysis as to whether someone should even go on Medicare, onto the A&B enrollment process, then enrollments for supplements, Med Advantage and Rx plans, and ongoing education and support for clients.

### Book your Presentation on “The Changing Face of Medicare: Version 2023”

Mary Jo’s objective voice cuts through the barrage of TV commercials utilizing half-truths and scare tactics. She will talk about supplements, the ever changing Rx plans and Medicare Advantage, including the new kid on the block, Devoted Health, and the impact of the Inflation Reduction Act.
